Optimum Technology, Inc. Wins BizTech Team of the Year Award

December 6, 2021 - Powell, OH

Optimum Technology, Inc., a Powell-based software and consulting company, was recently honored with Columbus Business First's BizTech 2021 **Team of the Year Award**. The BizTech Awards program honors those contributing to a culture of technology leadership and innovation in the Columbus region.

Optimum Technology's Executive Vice President Frank Xavier and representatives of the technical team accepted the award at the December 2 ceremony held at The Ohio State University Fawcett Event Center in Columbus. Optimum was one of 19 area companies recognized in six different categories.

The Optimum technical team designs, develops, documents, tests, and implements the **SWIFT** suite of leading public safety and justice solutions. The products are used by local, state and national law enforcement agencies to input, validate, report, track, search and share incident, arrest, and booking data. The software helps keep communities and officers safe.

"Hearty congratulations to our technology team for its extraordinary dedication, hard work and outstanding accomplishments in meeting client commitments in timely fashions, against heavy workloads and difficult timelines. I can't thank you enough!" Josh Davda, President and CEO, Optimum Technology, said recently to his employees.

About Optimum Technology:

Optimum Technology, Inc. is a certified Minority Business Enterprise founded in 1984 in Columbus, Ohio and is a national leader in software solutions for State and local government, having served public safety and justice agencies in all 50 states, District of Columbia, Guam and the U.S. Virgin Islands.

Optimum's mission is to work in partnership with state and local government agencies to provide software that is current, relevant, and focused on keeping communities safe.
