Optimum Technology CEO Selected as Ohio Asian Technology Leader of the Year

August 24, 2023 - Powell, OH - Optimum Technology, Inc., announces its CEO and president Mr. Jagdish “Josh” Davda has been selected as Technology Leader of the Year by Asian American Commerce Group.

“It is an honor to be nominated let alone to have been selected as this year’s winner” said Josh Davda, CEO and President of Optimum Technology.

Each year the AACG membership nominates and selects Asian leaders of the year awardees in a number of different categories. The Asian award winners will be celebrated on September 16, 2023 at a formal dinner event to be held at the Hollywood Casino Columbus.

About Optimum Technology:

Optimum Technology, Inc. was founded in 1984 in Columbus, OH and is a national leader in software solutions for state and local government, having served public safety and justice agencies in all 50 states, District of Columbia, Guam, Puerto Rico and the US Virgin Islands. Optimum’s mission is to work in partnership with state and local government to provide technology that is current, relevant, and focused on keeping communities safe.
